#### Note 1 – Basis of Accounting

The Appropriation Activity Report is prepared on a budgetary (non-GAAP) basis of accounting that records revenues when cash is received and expenditures when the liabilities are recorded.

Revenues and expenditures are reported during a twelve-month period, July 1 through June 30. During a one-month lapse period that ends July 31, corrections can be made to the revenues and expenditures processed during the period July 1 through June 30.

### Note 2 - Biennial Rollovers

Biennial rollovers are appropriations to be spent over two appropriation years. The balance at June 30 of the current fiscal year is rolled over into the following appropriation year. For appropriation year 2006, the biennial rollovers are in House Bills 15, 18, and 19.

#### Note 3 – Article X Distributions/Appropriated Transfers

Article X, Sections 16 through 24 of the Missouri Constitution establishes a revenue limit for Missouri State Government. When total revenues exceed the limit, income tax refunds are generated. During fiscal year 2006, the State did not refund any money. When refunds are issued, the refunds are initially paid from the General Revenue Fund and various other funds reimburse their share of the refund liability through operating transfers to the General Revenue Fund as appropriated per H.B. 4.035 by the General Assembly.
